Dear Customers and friends, **CALL FOR THE LATEST CATALOG 800-205-7204**

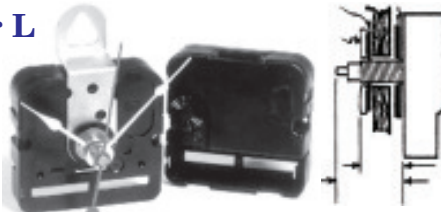

You may have already read the letter enclosed (pg 3) in this catalog concerning my Father Andy and so I thought Ruth and I would take a moment and write a quick note to our customers also. First Ruth and I are so grateful to Mom and Dad for helping us by passing on their legacy in business and are so grateful to them for their Godly example to us. As Ruth and I go forward we are committed to continue the Label business and to grow it as the Lord sees fit and will continue whatever else we have time for. This past year has brought many challenges for small business owners, mostly in the burden of higher costs for everything from paper to postage and even normal daily supplies. Most of you already know this. We have not raised prices this past year but have had to increase our prices in this catalog and must say that there may be more increases coming but we will try to hold these for the coming year as long as we can. We hope to slowly process less credit card transactions in order to save the processing fees that come along with them, and we are always happy to send a bill along with most orders as an alternative. **Being that this is the last catalog Dad is doing, please hang on to this catalog and as time goes on feel free to call for the latest catalog pages as we will be happy to print pages with updates as they are needed.** We have been doing more and more printing as we have invested in large commercial printers and would love to quote you on your printing needs besides just labels. All the best to you and may God bless your business endeavors,

Phillip & Ruth Weaver

PEEL and STICK LABEL INFORMATION - GOOD TO READ BEFORE CALLING

We print a large number of LASER labels for name and address, ingredient labels, freezer labels, egg carton labels, and numerous other types, sizes, etc... We print only Laser labels on white sheets that are self stick and 'heat-set.' The ink will not smear or run when moist or wet. **ASK ABOUT vinyl labels (6 or 10 per sheet) that are weather resistant.**

Typical Questions: **1. LABEL SIZES:** Please see previous page for all label sizes. We can print both portrait (upright) and as well as landscape. Minimum sheets of any label or business card is 10 sheets. Label sizes can not be mixed for quantity pricing.

2. LABEL COLORS: Our labels are pure white matte only. We do not print solid color labels or glossy labels. If your label has color background printing that covers more than 50% of the label, add 50%. Laser printed so print will not run with moisture.

3. COLOR TYPE: There is no extra charge for color type on your labels, but we do not guarantee a color match a specific non-standard color, although we will try to duplicate your request. Color variations may be present on type and pictures from print to print.

IF YOU NEED A PROOF or SAMPLE, there will be a \$10.00 charge which is deducted when you order over \$100 within 10 days.

4. PICTURES: There is no charge for any pictures shown in this catalog for your labels, We have numerous sources of un-copyrighted pictures. If you would like a specific picture not shown here, ask Ruth as she might be able to get it for you. There may be an extra charge if you have a very unusual request, or we need to spend a lot of time searching for a specific picture. We can scan and print YOUR un-copyrighted picture at a scan charge of \$8.00. This charge is not deductible. We cannot use pictures that have a copyright. Please send your picture unfolded.

5. UPC BARCODES: We can print the UPC barcode if required on any of the labels. You must furnish us with the 11 digit number.

6. COUNTY or STATE REQUIREMENTS: Some counties/states have certain requirements for food labels. It is your responsibility to send us the correct information for the label. We will not contact any State agency or County inspector for regulations.

7. TURNAROUND: We have a very quick turn around, usually within 24 to 48 hours and sometimes we will ship the same day we receive the order. On new set-ups, time could be somewhat longer. If you want a proof or sample first, there is a \$10 charge which is deducted from order over \$100.

8. BUSINESS CARDS: 2 x 3-1/2" are 10 per sheet on micro-perf cards. Add 20% to label prices. 2 sided business cards are 150%.

9. GENERAL: Although we do make some exceptions, always mail or fax your order for new labels so we do not make a spelling mistake, as we can not be responsible for spelling errors made over the phone.

CALL FOR THE LATEST CATALOG 800-205-7204

10. LAST BUT NOT LEAST: Remember, the smaller your label, the smaller your type will be. On small labels like 80 per sheet, 3 lines maximum and a very small picture. For ingredient labels remember, the more lines on a label, the smaller the type and or picture. For ingredient labels or business cards, simply write the information on a plain sheet of paper, or fax the information to us if you are limited on time. We will take repeat orders by phone, if there are no changes. PLEASE send or fax your label orders far enough ahead to give us time to print and ship.

11. MASTERS FOR COPYING: Many of you want to print your labels on your own printer. We can print 'masters' on card stock in the same layout as your label. You can then buy blank labels and copy them yourself. Our labels are high quality and work in both Inkjet or Laser printers.

MASTER SETS ARE \$10 PER SET UP/2 sheets on CARDSTOCK

12. Brochures, postcards, or labels with 150 words or more may be charged a graphics design or set up fee. Ask us!

Logo creation or branding for your business is also available, ask for information. Enhance your business with a brochure or business cards to spread the word! See info at bottom of this page.

ASK ABOUT vinyl labels (6 or 10 per sheet size only) that are weather resistant. Useful for outside applications or items that repeatedly get wet (pickle jars going in and out of a refrigerator). Call for current pricing.

If you want to use one of YOUR PICTURES on your label, send us the picture, UNFOLDED, and we will scan and size to fit the label. There is a one time \$8.00 scan charge. We cannot reproduce or print pictures that are copyrighted.

For Ingredient Labels, there is no limit on lines, but remember, the more lines on a Label, the smaller the type and or picture. **For Ingredient Labels or Addresses, simply write the information on plain paper, write it simply the way you want it to look.**

Generic labels (where you write in the item, weight, price, etc.) are ideal if you do not need a large quantity of labels of one item. You can have this arranged or changed any way you wish at no additional charge. (examples: Fruit Pie, Eggs layed on , Net Wt , Price \$) **There is no charge for set up, except for special requests, or labels with 150 words or more.** In that case, please ask if there is an extra charge. We will always use the type style that looks and fits best to the label you order. The labels shown here and on the next few pages are examples to give you an idea of what is available. Remember, these are custom made to your specifications, so there are numerous possibilities. If you do not see a picture that you want, just ask, we have more. **ASK ABOUT vinyl labels (6 or 10 per sheet) that are weather resistant.** **When ordering Labels, please include a phone number, if you have one, in case we have questions concerning the labels, to avoid delays.** **ALWAYS SPECIFY LABEL SIZE, EVEN WHEN REORDERING.**
